

Our policy for dealing with accounts
when an attorney is involved:

We are unable to “hold” any account while it is handled by an attorney. It is our policy NOT to bill an Attorney for services provided to a patient. We will bill any appropriate insurance (health or auto) which is presented to us, and verified by us at the time of service. Once your insurance company has finished paying the portion of your bill which they determine to be appropriate under your policy, you will be responsible for the balance of the bill. If we are able to reasonably determine your portion of the bill at the time of service, you will be responsible for your portion at the time of service.

We will coordinate records etc. with you and your attorney for the attorney to reimburse you for the costs that you incur related to your treatment. We use a collection agency routinely for accounts which remain delinquent after sufficient notice, including accounts which have an attorney involved.

By signing below, I am confirming that I have read and understand the above policy and that I am giving Mosher Physical Therapy & Sports Medicine permission to discuss my case with my attorney and to provide my attorney with any necessary paperwork to assist with my case.
